

January 22, 2020

To whom it may concern,

I was introduced to Alexa Kanchuk when she was hired by Maritime Fuels for the position of Marketing Coordinator.

My role then and presently, is Commercial Business Manager for Maritime Fuels.

Within my role I have had ongoing communication and collaboration with Ms. Kanchuk.

Within my responsibility to grow the Maritime Fuels brand, Alexa Kanchuk has been a tremendous help to me. I have also gained an abundance of knowledge on how to market a brand from Alexa.

Alexa continually seeks improvement on how the brand is marketed and received by the public. To our customers and our future customers.

Ms. Kanchuk is fully engaged in the moment when she is working on marketing ideas. I also know that her engagement does not end once we have stopped communicating on an idea, as she always comes back with bigger and better.

Alexa proudly yet critically assesses her efforts when marketing the brand. She simply does not remain satisfied that her work is great. Alexa looks for ways to improve the impact for the next time.

When under deadlines to produce something for the team and the brand, Alexa performs effortlessly to deliver.

Ms. Kanchuk is a very calming team member to work with which makes it ideal to be creative.

Her personality is positive, and she enjoys a sense of humor.

Observing her interaction with others, I see that she demonstrates equal respect and dedication to all.

I regard Alexa Kanchuk to be an important and valuable person in this business.

Alexa is the first one in the door every business day.

Sincerely,

A handwritten signature in black ink, appearing to read 'Vaughan Evans', with a long horizontal line extending to the right.

Vaughan Evans

Commercial Business Manager

Maritime Fuels
